# Welcome at Crossray

The infrared BBQ with a unique design & distinctive features, by HEATSTRIP®. The CROSSRAY+ barbecue is different than traditional barbecues. Instead of charcoal or gas, the CROSSRAY+ barbecue uses unique high intensity 3.1kW infrared burners. Perfect sear & cooking from different angles with the intensity and quality of charcoal and the convenience of gas.

The CROSSRAY+ barbecue is available on the market in two variants. The powerful and luxurious 2 burner is a high quality barbecue in a compact size. The 4 burner CROSSRAY+ barbecue is a true all-rounder. The 4 powerful burners, provide this barbecue a large grillsurface for simultaneous grilling multiple kinds of food. Both come with unique powerful 3.1kW infrared burners for the ultimate barbecue experience. The 2 and 4 burner BBQ's are easy to combine with the very beautiful kitchen modular elements. Create your own luxury outdoor kitchen!

## Award Winning Design

Cooking with infrared technology is different to cooking with traditional BBQ's. It may take a few cooks to perfect it, but once you experience it, you will never go back.

The ability to cook at higher temperatures does not mean that you burn your food. CROSSRAY cooks evenly from inside out, while traditional BBQ's tend to burn the outside of the food, while leaving the inside uncooked. As it cooks food more evenly, it does so much quicker, leading to a faster cook, and using significantly less gas and electricity.

# About Crossray

CROSSRAY uses angled side burners that are built into the BBQ. They are surface combustion ceramic burners and located close to the grill, which enables a very high surface temperature to be achieved. Additionally, there are no large flames, which results in significantly less gas usage (up to 50% less). Also, the CROSSRAY burners provide complete and even coverage over the entire cooking surface, so you no longer need to worry about constantly moving the food around due to hot and cold spots. Please refer to the below heat maps for tested data.

Each BBQ is supplied as standard with grill plates. The unique and patented design of the grill plates provides protection to the burners from direct overhead fat drip and splatter, which results in less smoke and dangerous flare-ups. Hotplates are also available as an optional accessory. With less flare-ups, cooking with a CROSSRAY is much more enjoyable.

CROSSRAY gas BBQ's are the only BBQ that can provide controllable, even heat from 140°C (4 burner models) to 350°C+, while using 50% less gas than a conventional BBQ. As it's just like cooking over red hot coals, food cooks more evenly and stays moist and juicier.

Heats up quickly and cooks the food evenly with no Hot & Cold spots

Multiple options and configurations to suit all lifestyles & budgets

Patented and proven Infrared Technology creates efficient, even heat and control

Intensity and quality of charcoal with the convenience and control of gas

The Gas BBQ is the closest thing to self-cleaning grill plates you can get, which significantly reduces clean up.

Perfect for all food types, from low & slow to a true pizza oven

# Crossray 2 burner

- Size: 62,5 x 50,5 x 56 cm (80 cm with open lid)
- Cooking surface: 55 x 40 cm
- Double walled lid, 304 stainless steel
- 2x 3,1kW infrared burners
- 2x ceramic grates, coated cast iron
- 2-piece upper level cooking area provides 60% more cooking space
- Electronic ignition
- Built-in thermometer
- Green LED buttons
- Drip tray
- Fuel: propane or butan

- Size: 140,5 x 50,5 x 125,5 cm (149,5 cm with open lid)
- Cooking surface: 55 x 40 cm
- Double walled lid, 304 stainless steel
- 2x 3,1kW infrared burners
- 2x ceramic grates, coated cast iron
- 2-piece upper level cooking area provides 60% more cooking space
- Electronic ignition
- Built-in thermometer
- Green LED buttons
- Drip tray
- Fuel: propane or butan

# Crossray 4 burner

- Size: 91 x 51 x 56 cm (80 cm with open lid)
- Cooking surface: 85 x 40 cm
- Double walled lid
- 4x 3,1kW infrared burners
- 3x ceramic grates (coated cast iron)
- 2-piece upper level cooking area provides 60% more cooking space
- Electronic ignition
- Built-in thermometer
- Drip tray Fuel: propane or butane

- Size: 169,5 x 50,5 x 125,5 cm (149,5 with open lid)
- Cooking surface: 85 x 40 cm
- 4x 3,1kW high intensity ceramic infrared burners
- 3x ceramic grates from enmalled cast iron
- 2-piece upper level cooking area provides 60% more cooking space
- Electronic ignition
- Built-in thermometer
- 304 Stainless Steel front and rear body panels, lid, side shelves and doors
- Double walled lid
- Cast aluminum side panels
- Drip tray Fuel: propane or butane

## Kitchen module

- Examples of combination

- Size: 1540 x 650 x 600 mm
- 1x cabinet to fit a Crossray+ 2 burner built-in BBQ
- 1x Cabinet + Benchtop
- Material cabinets: black powder coated steel
- Material benchtop: sintered stone
- Double-walled doors
- Doors have magnetic closure

- Size: 1540 x 650 x 600 mm
- 1x cabinet to fit a Crossray+ 2 burner built-in BBQ
- 1x Cabinet + Benchtop
- Material cabinets: black powder coated steel
- Material benchtop: sintered stone
- Double-walled doors
- Doors have magnetic closure

## Kitchen module

- Size: 2720 x 900 x 600 mm
- 1x side cabinet with sink and faucet
- 1x side cabinet with fridge and sintered stone top (concrete effect)
- 1x kitchen module for a Crossray+ 4-burner BBQ
- Material side cabinets: black powder coated steel
- Material benchtop: sintered stone
- Double-walled doors
- Doors have magnetic closure
- Cover for sink Including drain hose

- Size: 2720 x 900 x 600 mm
- 1x side cabinet with sink and faucet
- 1x side cabinet with sintered stone worktop (concrete effect)
- 1x kitchen module for a Crossray+ 4-burner BBQ
- Material side cabinets: black powder coated steel
- Material benchtop: sintered stone
- Double-walled doors
- Doors have magnetic closure
- Cover for sink Including drain hose

### • Examples of combination

## Single module items

- Size: 920 x 640 x 600 mm
- Material cabinet: black powder coated steel
- Material benchtop: sintered stone
- Double-walled doors
- Doors have magnetic closure
- Fridge module
- Worktop module
- Sink module

- Element where Crossray is on top is an separate item. See spec list

# Accessories

- Rotisserie
- Cast iron plancha
- Covers 2 and 4 burner  
- Built-in and Trolley models
- Built-in brackets for 2 and 4 burner
